TECH TEAM

THE EXPERTISE AND EXPERIENCE TO BUILD A ROBUST BLOCKCHAIN-BASED TECH STACK

🇺🇦 Alina Tustanovska

Head of Delivery

Meet Alina, an experienced executive manager with a 7-year background in blockchain. With strong focus on efficient operations, technical delivery and financial management, she has successfully delivered over 30 products featuring numerous blockchain networks, sophisticated solutions and technology stacks.

Alina believes that a true key to sucess in any project is building a strong team of professionals, and connecting them with a clearly-defined goal built on common values.

🇺🇦 Danylo K

Lead blockchain developer

Meet Danylo, a skilled blockchain developer with proven expertise in driving improvements throughout the entire development lifecycle. Danylo brings to Karma Coin significant valuable experience and skills in building app-specific blockchains in Rust using the Substrate platform.

🇺🇦 INC4

Technology Partner

INC4 is a software development company with focus on blockchain technology.

Thought the 10 years of its operation, they have gained vast experience in developing various complex solutions: from DeFi platforms, smart contracts, exchanges and wallets to fully customized private blockchains and decentralized applications, they have been there at each key industry milestone, helping customers implement the technology into their unique projects.
